# TERMS AND CONDITIONS

We offer usual terms to those of known responsibility. Where purchaser's credit responsibility is unknown to us cash is required before shipment or reference with time for proper investigation. Orders to be sent C. O. D. should be accompanied with one-fourth cash.

**5% discount and free boxing and packing allowed where cash accompanies order. No charge for packing carload orders in bulk.**

**Important**—Orders are always individually filled with fresh dug stock, graded liberally, with good root system.

**Prices**—All prices here are f. o. b. our nursery, packing at cost. Packing free if cash accompanies order. We will accept orders 25 of a variety at 100 rate; 250 of a variety at 1000 rate. The prices published in this list are subject to change without notice, and are made for immediate acceptance. They may be increased to cover any taxes upon sales. Bales and boxes charged at actual cost.

**Consignment**—No stock will be sold directly or indirectly on consignment.

**Shipping**—Customers are required to give definite instructions in regard to manner of shipping that they desire. We ship by express, freight or truck.

Where the size of the order justifies, we are equipped to make delivery by our own trucks within four or five hundred miles of McMinnville. Delivery by this method eliminates packing charges, brings the stock directly to your nursery and the charges are about the same as railroad rates.

**Inspection**—A Certificate of Inspection accompanies each shipment.

**Guaranty**—We give no warranty express or implied, as to description, quality, productiveness or any other matter of any nursery stock or bulbs we sell, and we will not be in any way responsible for the crop. All stock is sold subject to crop losses through unavoidable causes.

**Claims**—All claims must be made immediately after receipt of stock. While we use every means at our command to secure prompt delivery we are not liable for delays in transit; our responsibility ends upon delivery in good order to transportation company. We shall be glad, however, to render all aid we can to remedy a loss.

**Location**—McMinnville is located in Middle Tennessee on N. C. & St. L. Railroad. It is on State Highways No. 55 and 56, and U. S. Highway No. 70, and the Broadway of America. Nurseries and office located three-fourths mile west of square, on Manchester Highway No. 55-A, just across the new Barren Fork River bridge.

**Reference**—Any Bank or Business House in McMinnville. The Commercial Agencies or any of the leading nurserymen in the United States.

# A Word to the Friends and Customers of The Boyd Nursery Co.

Greetings:—

It is a real pleasure to prepare a price list at this time because we have had a real good growing season and can offer a very fine assortment of varieties of hardy-grown, healthy nursery stock.

Our facilities for handling orders are good; our organization is very capable. We cultivate a large acreage of good nursery land which is suitable for growing good plants. In our fields you will find growing the largest quantities of native plants in this section.

Henry N. Boyd is on the job supervising the growing, digging, grading and shipping, assisted by a crew of men, most of whom have been with us many years. Our new frost-proof, modern storage cellar on the nursery enables us to handle and ship stock through winter and until late spring.

J. Austin Boyd is in charge of sales and will make prices as reasonable as possible. We do not have any agents in our employ and positively do not authorize dealers or anyone else to use our name. It costs but a few cents to call by mail, whereas to call on you and hundreds of others in person would involve considerable expense, consequently calling by mail results in a big saving—which saving we are passing on to you in these low prices.

The shipping season is crowded into a few weeks—nursery stock must be dug, graded, packed and shipped without needless delay. Therefore, we will appreciate receiving your orders as early in the season as possible, so that we may give you prompt service.

Our motto is: "QUALITY, SERVICE, REASONABLE PRICES." On these conditions we solicit your orders, and with every good wish, we remain

Yours very truly

BOYD NURSERY COMPANY

F. C. Boyd, Manager.

**TRUCK DELIVERY.** When the size of the shipment warrants, we are in a position to arrange for direct delivery by truck in bulk at reasonable rates.

Where customers wish to send their own trucks for bulk loading, it is advisable to give us three or four days advance notice, so that we may have the material ready when the truck arrives and avoid delay.

Care should also be taken that all trucks carry sufficient tarpaulins to properly cover the stock.

Many catalogues from many business concerns contain letters of appreciation from a number of their customers. We have had such letters in some of our Catalogues in the past. In our files right now we have a great many letters stating their appreciation of the quality of stock sent them and for the attention given the orders. It's a genuine satisfaction to get such letters and we hope our customers will continue to say such things to us.

However in this issue we have not used any of these letters for publication. Many would give their permission for us to do so but what we have done is not so important with those who contemplate sending their orders now, as how we can and will handle your present and future orders. We feel sure that our stock will entirely please you and it's certainly our purpose to serve you well. Our future depends on the reputation we make.

## EVERGREENS—CONIFERS

The evergreens listed below are fine transplanted sheared plants. The price includes the cost of all balling and burlaping where B&B is necessary, all evergreens will be B&B except where noted.

Evergreens that are selected and marked by customers in the nursery will carry a ten per cent additional charge above the following listed prices.

All evergreens are sold with the distinct understanding that if they arrive in good condition and are accepted, our responsibility ceases.

## EVERGREENS—SMALL LINERS

Broadleaf and Conifers (all bare root.)

We are able this year to offer a limited quantity of small lining out Evergreens, nursery grown rooted cuttings.

**NOTE:** These liners in evergreens are being grown for us at another location and are not at McMinnville, and you will have to give us a few days time to get them in before date of shipment if wanted before November 15, at which time they are to be delivered to us.

**Samples:** We will send samples of any of the stock we are growing at the 10 rates of wanted.

Our prices do not include guarantee as to growth. The plants become your property on delivery to the transportation companies in good shape, and our responsibility ends then unless notified promptly on arrival in case there is anything not right about the plants.

# COLLECTED FOREST TREE SEEDLINGS SHRUBS AND VINES

## WOODS GROWN PLANTS.

The stock offered below is not finished plants, but is woods grown collected stock from the mountains and forests, suitable for transplanting. Woods grown or collected stock is not to be classed with nursery grown or cultivated plants, but it comes at a cheaper price, and some of the items are hard to find in nursery grown plants.

You will notice that we are not offering as many items in collected stock this season as heretofore, due to the fact that we have a larger assortment of nursery grown stock, which gives better satisfaction with the majority of our customers.

We are prepared to gather other varieties of native plants and trees not listed here; we have experienced collectors, who know how to select and properly dig the stock, and we believe you will be pleased with the class of collected stock we offer. Send us your want list on any items not listed here.

# EVERGREENS

## COLLECTED NATIVE—WOODS GROWN.

The small evergreens are gathered on the mountains, and only on damp days when the weather is suitable. The small bare-root evergreens are puddled as gathered, packed light and shipped by express unless otherwise instructed. Orders will be booked subject to our ability to have them gathered. Do not expect them to all live and grow, some of them will die under the most favorable conditions.

## NATIVE TREE AND SHRUB SEEDS

The following varieties of seeds are offered subject to crop conditions. Shipments will be made as soon as the varieties mature. We expect to collect these seeds only on orders and will not gather a surplus. We will appreciate your early order so we may make shipments as the seeds mature.

**Terms:** Five percent discount for cash with order. Thirty days net. We pay our collectors for seeds as they are delivered to us, therefore we prefer cash with order, but if terms are preferred and allowed they are not to exceed thirty days.
